

Item # CN4408-316, High Pressure Coned-and-Threaded Nipples

QUOTE

High Pressure Coned-and-Threaded Nipples

For rapid system make-up, Autoclave Engineers supplies pre-cut, coned-and-threaded nipples in various sizes and lengths for Autoclave high pressure valves and fittings.

Special lengths

In addition to the standard lengths listed in the table below, nipples are available in any custom length. Consult factory.

Materials

Type 316 and Type 304 Stainless steel.

Note: See High pressure tubing section for pressure ratings at various temperatures.

All dimensions for reference only and subject to change.

For prompt service, Autoclave stocks select products. Consult your local representative.

All general terms and conditions of sale, including limitations of our liability, apply to all products and services sold.
